

Date: 7/2/2010

To Whom It May Concern:

We have been working with Excel Engineering for several years. We have grown to count on Excel Engineering for our environmental engineering needs. Excel's up front due diligence assures us that our projects meet all code requirements, environmental issues and that our projects are completed in a timely manner. Their professional team of engineers and project managers keep us informed with timely reports, quick response, informative communications and follow up on the details, which insures that are projects are completed with minimum delays.

We will continue to use their services as we move forward on projects that promote the growth of our company.

Sincerely,

*Ken Holt*
