

July 25, 2007

To whom it may concern:

We have been working with Excel Engineering on the development of a property in Seminole County for over a year.

They have helped us through the complicated and lengthy process of the PUD, site planning, design, commission hearings and pulling of permits.

Their drawings were accurate and all the deadlines were met. They have been an asset to the team and I highly recommend them.

Sincerely,

A handwritten signature in blue ink that reads "Miriam F. Pino". The signature is written in a fluid, cursive style.

Miriam F. Pino
