TO WHOM IT MAY CONCERN:

We are most happy to write this letter of support for Excel Engineering Consultants.

Catholic Charities, Diocese of St. Petersburg, Inc. contracted with Excel Engineering for our San Jose Mission project, a migrant farm worker housing development in the Dover, Florida area. We found Excel to be most knowledgeable of agency rules, regulations and codes. They were very diligent in providing project progression and were available and responsive to issues associated with the project.

We have had a positive experience working with Excel on this project, and without reservation, recommend them to assist others with their land planning and engineering needs.

Sincerely,

CATHOLIC CHARITIES, DIOCESE OF ST. PETERSBURG
